

Choose Omni-Sense and relax!

How important are your needs?

We've been listening to the voice of the customer, and some key innovations include:

- Stylish design featuring multiple enclosure color options, styles, and lengths of lanyards.
- Strong, durable construction that is light-weight, splash resistant, and shock-proof.
- Adaptable design allows for unit to be worn around the neck, or modifiable to be worn on the wrist, ankle, or belt.
- Web accessibility which allows caregivers and/or family members to receive live, 24-hour real-time reports of conditions.

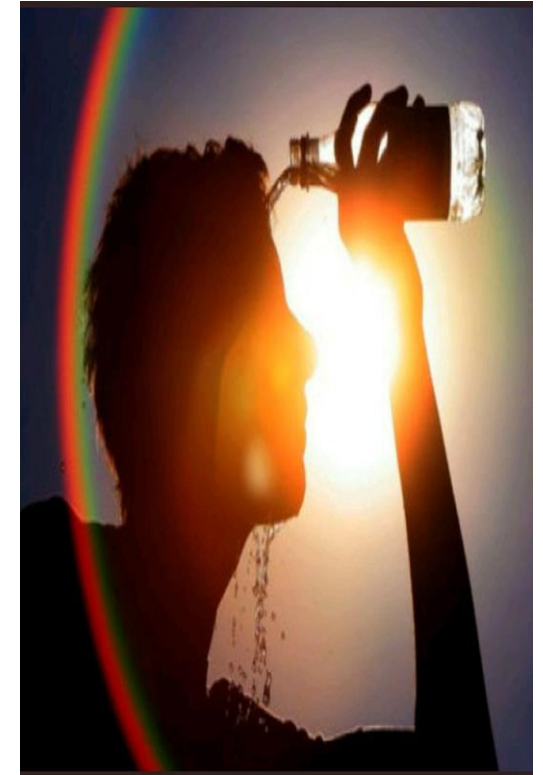

Who We Are

What does this network mean?

For the customer...

- Medical expertise readily available
- Greater brand awareness
- Improved confidence in our product

For the Provider...

- Sponsored peer-to-peer selling
- Enhanced Medicare/Medicaid coding
- Conceptual influence on life-saving product

Still skeptical? What are our customers saying?

Dorothy Johnson (right) is a 62-year-old widow who lives alone in her home in Sarasota, Florida.

"Life is precious, and safety is priceless. Omni-Sense has given me an invaluable peace of mind!" –Dorothy Johnson

FDA Approved

Because of the purpose and functionality of Omni-Sense, it is considered a Class II Medical Device respectfully.

Our patented design meets mandatory performance standards, post-market surveillance, as well as the special labeling requirements of the Food and Drug Administration (FDA).

- FDA 21 CFR 820.30 (Design Controls)
- FDA 21 CFR 820.20c (Management Responsibility)
- ISO 14971 (Risk Management)
- FDA 21 CFR 820.100 (C.A.P.A.)

Dorothy(right) and her friend Sharon enjoying life.

Omni-Sense is a fashionable and durable piece of jewelry that is engineered to save lives. Its sleek design is coupled with its functionality as a sensor for elements that can prove harmful to the body.
